

my subscription order?

Last Modified on 06/07/2023 2:40 pm MDT

Don't worry, if the credit card is declined we will try to process the payment again. After the third unsuccessful attempt the order will be cancelled, but the subscription will remain active. If the card declines for three consecutive months the subscription will be canceled.

If an order fails to process due to the credit card declining, once you have updated your card, you will be able to ship your order immediately.
