Once someone has become a Brand Representative, they are now eligible to earn the Building Bonus! This bonus can be earned in addition to the Selling Bonus, Retailing Bonus, and Affiliate Referring Bonus.

The Building Bonus ranges from 5% to 10% of the Commissionable Sales Value on the Product purchases by Customers and Brand Affiliates in a Brand Representatives Group. The Building Bonus compensates a Brand Representative monthly for building sales within their Group, providing customer service to their Group, and assisting other Brand Affiliates in the promotion of products to their Customers.
