To maintain your Brand Representative title, you will need to meet the monthly Maintenance Requirements. Maintenance requirements begin your first full month following the completion of your Brand Representative Qualification Requirements. To maintain your status as a Brand Representative, you must achieve at least 2,000 Group Sales Volume (including 250 of your own Direct Customer Sales Volume) in a month. Achieving that requirement will allow you to maintain your status as a Brand Representative for that month.

If you are unable to meet Maintenance, don't worry! As a Brand Representative, you can now earn and use Flex Points to help maintain your title!
