

You are allotted Flex Points as soon as you become a Brand Representative, and you keep collecting them annually thereafter. All Flex Points will be added to your account in Volumes and Genealogy. Accumulation is as follows:

1. In your 1st full month as a new Brand Representative, you will receive 1,500 Flex Points.
2. In your 2nd month, you will receive 1,000 Flex Points for a total of 2,500 Flex Points.
3. In your 3rd month as a Brand Representative, you receive 500 Flex points for a total of 3,000 Flex Points.
4. Each year on your Brand Representative anniversary date, you will receive an additional 1,500 Flex Points!

And the best part? Flex Points never expire and there's no limit on the number that you can accumulate. They will, however, be forfeited if you fail to maintain your Brand Representative status. But even then, you can regain unused blocks by completing a Restart.

Have unused Flex Blocks? Don't Worry!

All existing Flex Blocks will be converted to 500 Flex Points each.
