Are you able to skip and/or place a hold on a monthly shipment?

Yes. If you would like to skip and/or place a hold on your monthly shipment, you may do so by going online to www.nuskin.com or by contacting your local Support Center. By doing so however, you will have to start over on your consecutive monthly count in subscription. For example, if you have placed a subscription for 2 consecutive months, then decide to skip a shipment- you will start over with month 1 when you decide to reorder through subscription.

This will affect your progress towards earning an Nu Skin Rewards voucher.
