

Klarna?

Last Modified on 11/03/2023 4:06 pm MDT

To purchase with Klarna Financing, add the product you wish to purchase to your basket and proceed to the checkout as normal. Then select the "Pay Over Time" payment method. This will start your application for Klarna Financing. You will be asked to provide information about yourself which is required to check your eligibility. If you are approved, your payment plan will be created and your order will be automatically placed with us. It's a short application and you won't have to leave our website.
